# How to Use Essential Oils?

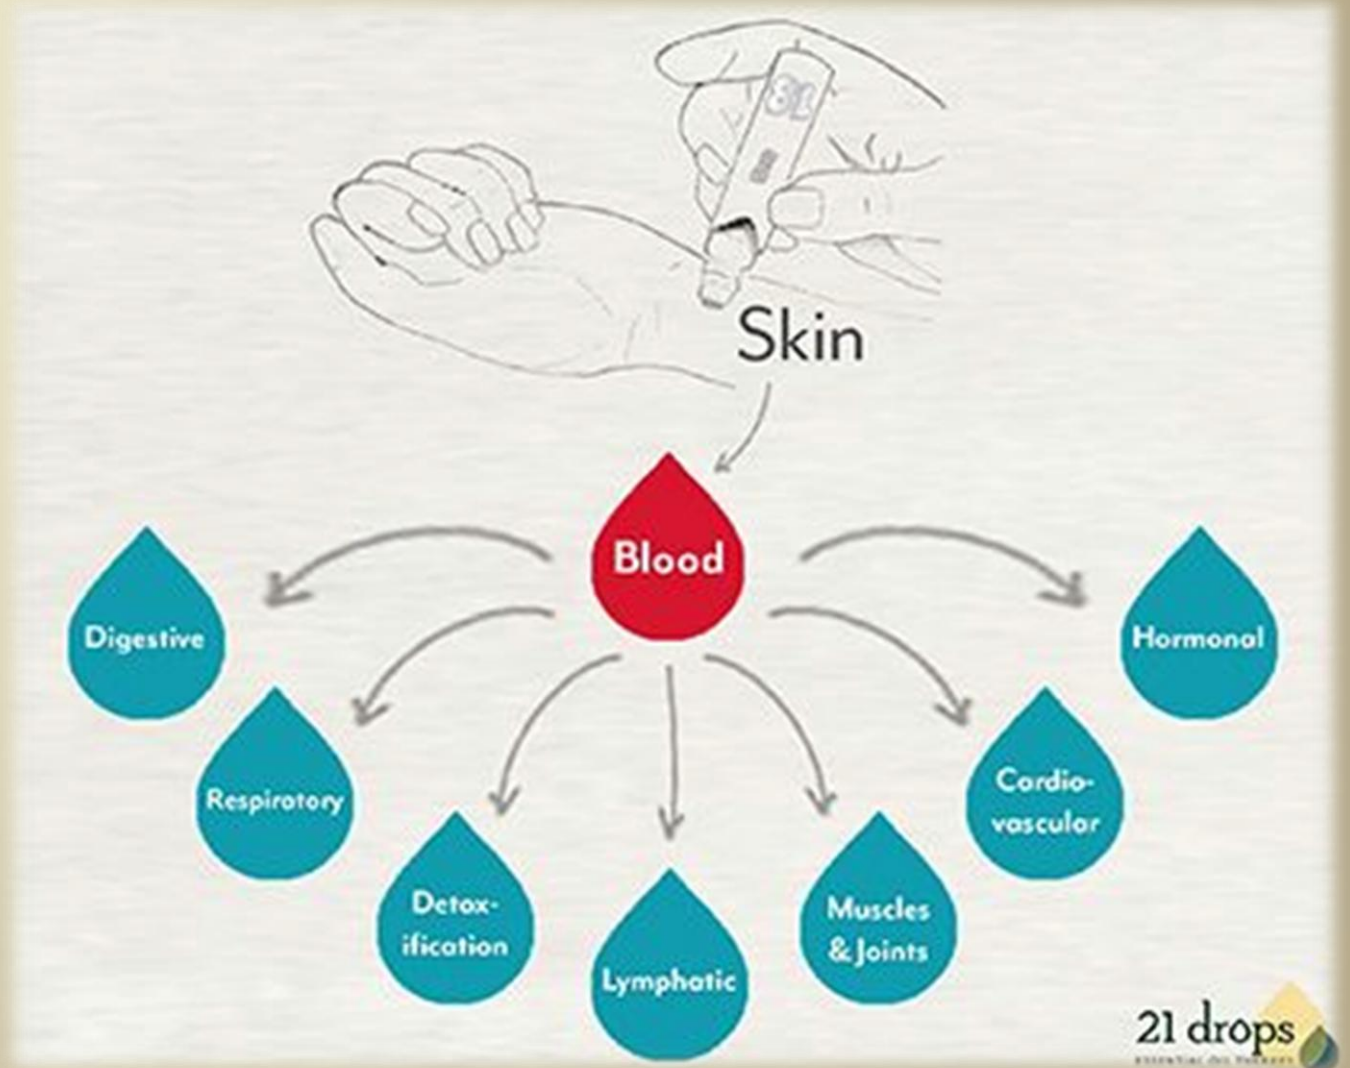

**FDA does not recognized essential oils for medicinal usage – no prescription required.**

# Topical

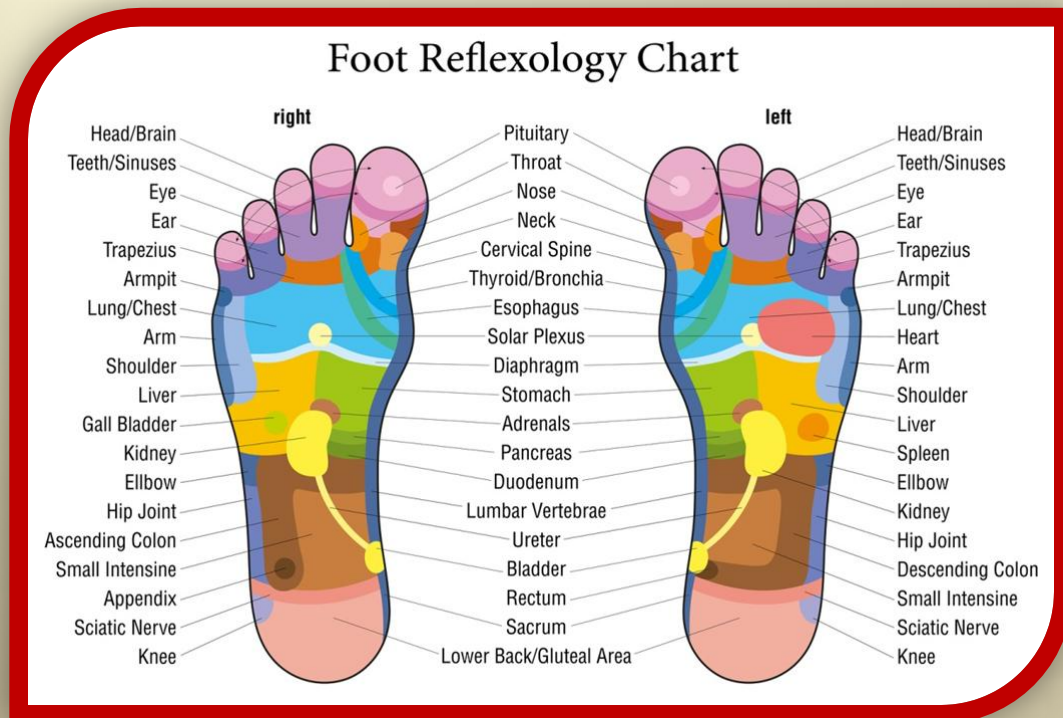

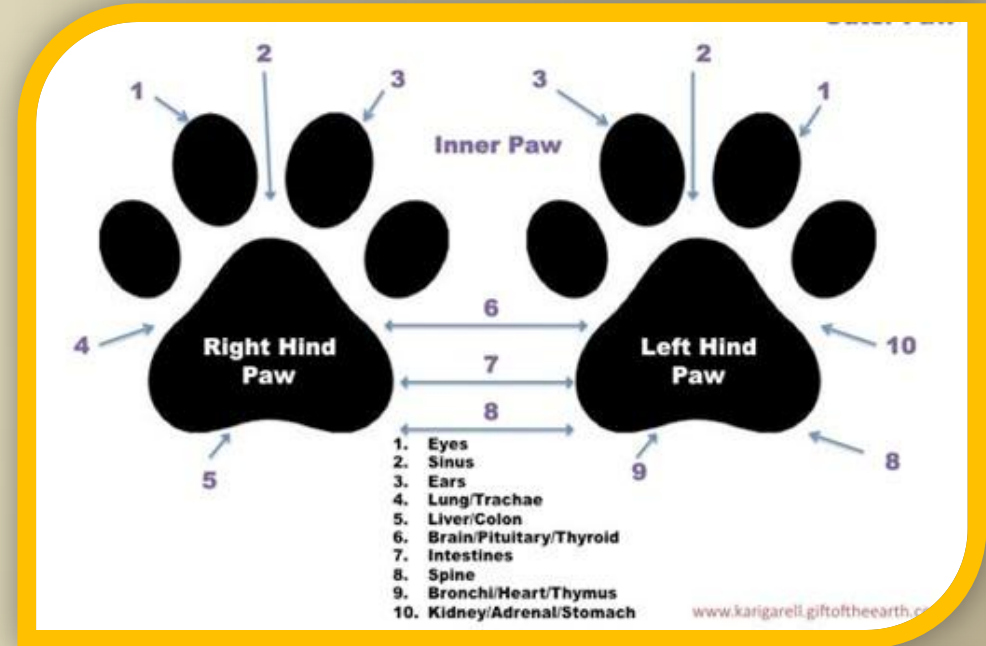

- 🔥 Absorbed into the bloodstream through pores and hair follicles
- 🔥 Disperse to body systems and organs
- 🔥 Apply to pulse points; wrists, temples, back of neck, inner elbow

# You Are What You Breathe

- Every day, we breathe in over 23,000 times, 238 cubic feet of air
- Every scent is cataloged in the brain
- We are capable of recognizing 10,000-100,000 different odors
- Olfactory nerve cells carry the oil molecules to the olfactory bulb and directly to the limbic system
- They also interact with the respiratory system

# Ingest with Confidence

- Many oils are adulterated with chemicals during the growing, distilling and bottling process
- Vitality oils are GRAS certified: Generally Regarded As Safe
- Peppermint, Lemon, Grapefruit
- Thieves, Oregano, Frankincense, Lemon
- My recipes POP with flavor!
- YLEO last a long, long time

- Each drop has 40 million-trillion molecules which equates to 40,000 molecules for each cell
- Always dilute with a carrier oil (coconut, olive, jojoba)
- Sun and oils do not mix!
- Say NO to plastic!
- Never put oils in eyes, ears or nose. If oils splash in the eye, rinse with carrier oil, NOT WATER.
- Rotate oils every week or two.
- Read label directions carefully.
- Work closely with your doctor when implementing any new protocol.
- Don't bring the heat!
- Discontinue use if adverse reactions occur.

# What's Lurking in Your Home?

- 26 seconds after exposure to chemicals, they are in your bloodstream
- 287 chemicals were detected in umbilical cord blood studies:
  - 180 cause cancer in humans or animals
  - 217 are toxic to the brain and nervous system
  - 208 can cause birth defects or abnormal development in animal tests.
- Air quality in our home is 5 to 7 times more toxic than the outside air.
- Laundry soap, fabric softeners, stain removers, dryer sheets = TOXINS

# The Intregumentary System

## Skin, Hair, Nails, Teeth, Eyes, Ears, Sweat Glands

- ◆ Protective barrier for our body and keep vital nutrients in
- ◆ We expose all of our body systems to toxins each day between our deodorant, shampoo, soap, toothpaste, and lotions to name a few. Our mouth is the most absorbent part of our body.
- ◆ The average woman applies over 300 chemicals to her body every day from shampoo and conditioners, body lotion, make up, deodorant, nail polish and remover
- ◆ Some beauty products contain carcinogens and endocrine-disrupting chemicals that increase breast cancer risk. ~ Breast Cancer.org
- ◆ Avoid “Fragrance” which can contain dozens, even hundreds of chemicals – including hormone disrupting phthalates and synthetic musks.
